The McAll Mission.
The ladies of the McAll association announce The ladies of the McAil association announce a public meeting for Friday evening, Oct. 81, in the New York Avenue church, at 7500 o'clock. This mission, though it has awakened an ardent interest among Americans, when understood, is restly very little know to many of the most intelligent readers. Begun among the communists and workingmen of Belleville. Paris, it is spreading rapidly through France and to the island of Corsica. Those who are watching the matemal life of other countries, and those particularly who for any reason may have become attached to the French people, cannot but feel that the McAil mission, though unsectaring its part toward establishing the republic. Mr. W. W. Nevel, one of the directors of the mission, will speak at the Friday evening meeting, Chief Justice Drake will preside, and Rev. Mr. Loonard, Dr. Cuttibert, and others are expected to assist in the services.

THE Jesuit father, Antonio Julian, in his book on travels in South America, says: "This plant (the Coca) possesses all of the wonderful properties claimed for it." Commodore Gibbon (Cuited States exploring expedition of the Amazon) says: "The Coca has properties marvellous that it enables the Indians, without any other nourishment. It presents for the country of t marveilous that it enables the Indians, with-out any other nourishment, to perform forces marches of five and six days. It is so bracing and tonic that by chewing it alone they per-form journeys of 350 miles on foot without ap-scaring in the least intigued. To build up a rocken-down system, to relieve dyspepsia, allousness, female monthly sufferings, and servious (roctration, Liebig Co.'s Coca Beef fonic has no equal.

Boys' clothing, Eiseman Bros., 7th and E.

Dempsey Giras Hall.

At 11 o'clock yesterday morning Justice. Wythe took up for hearing the habeas corpus ease of Wm. II. Dempsey. District Attorney Worthington appeared for the government and Messrs, Jere Wilson and A. is, Williams for the relator, Mr. Wilson asked thus Mr. Dempsey be admitted to belt, and the hearing postponed until next saturday. District Attorney Worthington danished the power of the court to take bail in the case, and was opposed to a postponement. After further discussion, Judge Wylle devided to take hall in the sum of \$5,50s for Mr. Dempsey's appearance next saturday morning at 11 o'clock. Mr. Win. J. Miller became surety. Dempsey Gless Ball.

PIERAND MANTELGLASSES, CLOCKS, Sq.

BETWEEN 15TH AND 14TH STREETS N. W. AT Call before purchasing elsewhere and save

htreets by Electricity. Mr. Samuel Norment, president of the United States Electric Light company, has written the following letter to the commissioners: "After the consideration of your communication of the 27th Instant, I am authorized by the board of directors of the United States Electric thon of the 27th insum, I am authorized by the bears of directors of the United States Electric Lighting company to state that we do not feel warranted in unaking, at present, so extensive an outlay as that contemplated in the proposest underground conduit on Pennsylvania syemue, between the capitol and affectation street northwest, on account of the great uncertainty attending the perfect working of all underground conduits heratofore. With your permission, however, we would make further test by saking the privilege of laying an underground conduit on F street, between Ninth and Fincenth streets northwest, the same to be taid upon such plan as may be satisfactory when placed before you by our superintendent for your approach. This light is desired on that street by a very large unjority of the merchants, business men, and property owners, as expressed in their. How to this company. It is periodolo that the permission requested will be granted to both companies. The Brush-Swan company recently obtained permission to law wires on Pennsylvania avenue. The wires laid by both companies are to be placed underground at the expense of the company. They are given permission to test their lights on the streets where the wires are laid, and if the tests prove satisfactory it is expected that the companies will make proposals for, lighting the streets, which will be considered by the commissioners. The underground system will also be used for private purposes.
